WORK EXPERIENCE

- GRADUATE DEVELOPER**, at Booking.com (Jan'17 – Present)
Working in Pay-In team of Finance track
- Working on making the payments at Booking.com a smooth experience for both users and other products
 - Worked on the localisation team for the North American market to cater the Booking.com customer facing website to the US/Canada users.
- SOFTWARE ENGINEER**, at Practo (May'16 – Jan'17)
Worked on Practo's latest mobile web application
- Implemented the new search flow in the mobile website.
 - Worked on sitemap and some other SEO tasks.
 - Implemented various trackers that helped us look into the user behaviour and give the world an even better medical experience
 - Contributed to redesigning of the website.
- SOFTWARE DEVELOPMENT INTERN**, at Practo (Jan'16 – May'16)
Worked on Practo's latest mobile web application
- Implemented SEO including Schema.org amongst aspects of SEO during the project, used Yahoo's fluxible framework and React.js.
 - Also worked on Practo.do, a to-do list web application with OpenID for signing up and signing in, Express (Node.js) for backend and React.js for frontend.
- WEB DEVELOPER**, at foodsonwheels.com (Nov'14 – Mar'15)
Designed and developed the whole website
- Foods-On-Wheels is an ecommerce website for ordering food from hotels of a particular city in your train journey.
 - Designed and created the front end as well as back end part of the FoodsOnWheels.
 - Used HTML5, CSS3, JavaScript and jQuery for front end and PHP for the backend.
- WEB DEVELOPMENT INTERN**, at confirmtk.com (Aug'14 – Nov'14)
Initial versions of Mobile Website of ConfirmTkt
- The major turnout of the website was from mobile users.
 - Created the mobile specific version which increased the numbers of users per day to average 2k.
 - Used HTML5, CSS3 and JavaScript on Twitter Bootstrap and implemented REST APIs using jQuery.
- SOFTWARE DEVELOPMENT INTERN**, at magicbricks.com (May'14 – Jun'14)
Ratings page of each broker of MagicBricks for MB newsletter
- The ratings page for MagicBricks was a huge success and after the ratings page addition, the reviews improved significantly.
 - Created an HTML file to be printed for each broker of MagicBricks displaying their packages and listed properties.
 - Entire data was fetched from two MS-Excel files of 300+ brokers each and put into individual HTML files for each entry.
 - Used [Apache Velocity](#) and [Java](#) to generate HTML files from MS-Excel using [Apache POI](#) where each file comprised of data from different Excel files.

PROJECTS

- MOBILE WEB APPLICATION OF PRACTO** (<https://www.practo.com>)
- Was on the mobile web app team from the beginning and worked on it to get it rolled out to 100% of our users for a better experience.
 - The conversions were improved after launching this dedicated MWA.
 - Used React.js (Fluxible), SASS for the product development
- GOOGLE CHROME EXTENSION TO FOR LINKEDIN SIGNATURES** (<http://bit.do/lnkd-sign>)
- Created a chrome extension to append a customized signatures to messages you send on LinkedIn. (First ever)
- TO-DO LIST WEB APPLICATION** (<http://bit.do/practodo>)
- Developed a to-do application where users can group to-dos in lists. Edit and share the lists further to work on things together. A section shows the things to do for current day.
 - Used React.Js for frontend and Node.Js for backend.

DESIGNED AND DEVELOPED WEBSITE OF IEEE STUDENTS' BRANCH (<http://ieee.sb.iitaa.ac.in>)

- Developed the website for IEEE Students' Branch of our college.
- Used HTML, CSS and jQuery functions to design the website and PHP for pagination in some sections.

FREELANCING PROJECTS

- Worked on the front end of <http://eboxnetwork.net> (WordPress).
- Made a module for sending SMS to multiple numbers at once from website for a US based company using <http://cdyne.com/> SMS API.

COLLEGE FEST WEBSITE & PORTAL

- Designed and created the front end part of the college's annual cultural fest's website in the year 2014.
- Improved the polling portal for fest's official T-Shirt that helped in fair and clean voting.
- Conducted workshops for juniors on Web Technologies and taught them basic Web Development.
